Sub: Approval to the proposal of M/s. Besto Mining India Pvt. Ltd. to establish "Warehousing and Logistics" at Narsapura Industrial Area Kolar District

Read: 1) Proceedings of the 58<sup>th</sup> Land Audit Committee (LAC) meeting held on 13.02.2019.

 Proceedings of the 115<sup>th</sup> State Level Single Window Clearance Committee (SLSWCC) meeting held on 07.03.2019

#### PREMBLE:

M/s. Besto Mining India Pvt. Ltd. has proposed to establish "Warehousing and Logistics" with an investment of `. 122.86 crore, generating employment to about 1500 persons at Narsapura Industrial Area, Kolar District.

In the 58<sup>th</sup> Land Audit Committee meeting held on 13.02.2019, the representative of the company appeared before the committee and highlighted the project proposal and requested for allotment of 30 acres of KIADB land (Out of the land surrendered by M/s. Scania Commercial Vehicles India Pvt. Ltd.) at Narsapura Industrial Area, Kolar District.

The representative of the company informed that company was established in the year 2010 and currently they have M-Sand Manufacturing unit in Chikkaballapura District. The sales turn over of the company for the year ended 31<sup>st</sup> March 2018 is `. 24.38 crores.

CEO & EM, KIADB informed that allotment of land may be considered for this project subject to clarity on availability of extent of clear land.

The Committee noted the request of the company and after detailed discussions, resolved to recommend to SLSWCC for approval of the project of M/s. Besto Mining India Pvt. Ltd. to establish a unit for "Warehousing and Logistics" and KIADB to allot 30 acres of land (Out of the land surrendered by M/s. Scania Commercial Vehicles India Pvt. Ltd.) at Narsapura Industrial Area, Kolar District, subject to availability of extent of clear land.

The Project proposal was discussed and approved in the 115 th State Level Single Window Clearance Committee (SLSWCC) meeting held on 07.3.2019 with the following observations:

Principal Secretary to Government, Commerce & Industries Department informed the Committee that representations were received in the Government from Karnataka State SC/ST Entrepreneurs and Industrialists Association for proportionate reservation of land for SC/ST category entrepreneurs in Narasapura Industrial Area.

The Committee noted the same and informed CEO & EM, KIADB to take action for reserving 10 acres of land out of the above 30 acres for allotment to the pending projects if any belonging to SC/ST category entreprenurs. It was also opined in the

Committee that KIADB should take necessary action to reserve proportionate land as per norms for allotment to SC/ST category entrepreneurs.

Government has examined the recommendations made by the State Level Single Window Clearance Committee in the 115<sup>th</sup> Meeting held on 07.03.2019, in all aspects.

Hence the following order.

#### PREAMBLE:

Department for Promotion of Industry and Internal Trade (DPIIT), Govt. of India has circulated 80 reforms points under Business Reforms Plan (BRAP) for implementation at State level during 2018-19 and to be implemented by March 2019. Under BRAP 2019, DPIIT has revised the evaluation methodology in which industry feedback has been given equal weightage as reform points for evaluation & final ranking.

In this regard, review meetings were held on 05.11.2018 and 08.01.2019 under the Chairmanship of Chief Secretary to Govt. of Karnataka and discussed the implementation of critical reform points and instructed for timely implementation and submission of the compliances to Gol by all line departments.

Amongst these points, action point 11 and 14 were considered as critical. While action point focusses on maintenance of land records, action point 14 pertains to mutation of land records.

This integration includes not only the data-sharing, but also focuses on process integration. As per DPIIT guidelines, once deeds for property sales are registered, the online system should automatically intimate the relevant agency (Land Records Office) and the mutation process should be initiated as soon as this intimation is received.

Further, a requisite circular to be issued stating that the mutation process should be initiated as soon as they receive information, without the need for separate application for mutation, from sub-registrar about the deed registration.

The details of recommendation of Action Point 14 under BRAP, GOI - Integrate the mutation process with the registration process and mandate initiation of mutation process (Revenue department and/ or ULB) as soon as a deed is registered. Ensure that:

- i. Information to mutation authority to be automatically shared on completion of transaction (registration). This should be considered as initiation of mutation process.
- ii. No separate application from transferee to be required.
- iii. SMS/e-mail should be sent to transferee/ transferor to inform about the initiation of mutation.

It is to be noted that action point 14 and action point 11 are interlinked. The reform requirement is to have a single integrated database in public domain wherein investors can obtain details in land transactions, date of mutation, property tax dues, litigation details (if any) w.r.t property and its ownership.

Further, once the transaction of any property is completed, mutation process should automatically initiate wherein the intimation goes to the concerned Tahsildar or ULBs. There should be no separate application process required to be made for mutation. Once the property mutation is completed, transferee/transferor should be duly informed through SMS/e-mail alerts. In this regard, the Urban Development Department and Revenue Department is required to issue a mandate order wherein the mutation fee is collected during the time of registration and transferred to the agency concerned.

Government of India also adopting feedback process in order to obtain the usability and transparency in the service delivery. In this regard the users will be interviewed through a set of questionnaires by GoI, whether they have received an intimation informing start of mutation proceedings or they had to make a specific application to initiate the mutation process.

The implementation of the said reform involves integration of databases by Urban Development Department, Directorate of Municipal Administration (DMA), Bruhat Bengaluru Mahanagara Palike (BBMP), Stamps & Registration Department and Revenue Department (Bhoomi)

During the meeting held on 08.01.2019 under Chairmanship of Chief Secretary to Government of Karnataka, it has been informed that the departments has already developed an online system for Khata change/ transfer. However, it needs to be linked with the online system with sub-registrar offices.

Therefore, in order to implement Action Point No.14, it was decided to set up a sub-committee headed by Principal Secretary to Govt., Urban Development Department in coordination with concerned departments.

Hence the following order.

#### GOVERNMENT ORDER No. CI 48 SPI 2019, BENGALURU, DATED 19.03.2019

In the circumstances explained in the preamble, Government is pleased to constitute a Sub Committee for implementation of Ease of Doing Business, Business Reform Action Plan 2019, Government of India - Action Point 14 - Mutation of land records with the following composition.

1	Principal Secretary to Government, Urban Development Department.	Chairman			
	(Mandate order regarding intimation to ULBs on mutations)				
2	Inspector General of Registration and Commissioner of Stamps Department of Stamps and Registration. (Initiation of Mutation)	Member			
3	Commissioner, Directorate of Municipal Administration.	Member			
	(Integration of all features with Stamps & Registration module – Kaveri Module)				
4	Additional Commissioner (Revenue) BBMP (Integration of all features with Stamps & Member				
	Registration module - Kaveri Module)				
5	Special Deputy Commissioner, Revenue Department (Bhoomi MC)  Member				
	(Integration of all features with Stamps & Registration module – Kaveri Module)				
6	Any other officers of the State as per Sub-Committee decision	Member			
7	Commissioner for Industrial Development and Director of Industries and Commerce	Convener			
8	Managing Director, Karnataka Udyog Mitra.	Co-ordinator			

The above Committee should address and facilitate the implementation of the Action point 14 of Business Reform Action Plan 2019, i.e., Integrate the mutation process with the registration process and mandate initiation of mutation process (Revenue department and/ or ULB) as soon as a deed is registered. Ensure that:

- i. Information to mutation authority to be automatically shared on completion of transaction (registration). This should be considered as initiation of mutation process.
- ii. No separate application from transferee to be required.
- iii. SMS/email should be sent to transferee/ transferor to inform about the initiation of mutation.

According to the reform requirements, the integrated information on single website should be available in public domain and help in establishing property ownership covering information for all areas of the state.

The integration should show complete process including automatic notice generation and intimation of notice to circle office for mutation. There should be no separate application process required to be made for mutation. Once the property mutation is completed, transferee/transferor should be duly informed through SMS/e-mail alerts.

Further, the departments concerned are directed to issue a mandate order informing the process implementation to requisite levels.

#### PREAMBLE:

Department for Promotion of Industry and Internal Trade (DPIIT), Govt. of India has circulated 80 reform points under Business Reforms Plan (BRAP) for implementation at State level during 2018-19 and to be implemented by March 2019. Under BRAP 2019, DPIIT has revised the evaluation methodology in which industry feedback has been given equal weightage as reform points for evaluation & final ranking.

In this regard, the review meetings were held on 05.11.2018 and 08.01.2019 under the Chairmanship of Chief Secretary to Govt. of Karnataka and discussed the implementation of critical reform points and instructed for implementation and timely submission of the compliances to all line departments.

Amongst these points, Action Point No. 11 and 14 were considered as critical. The reform requires data integration of land transaction deeds (Land registration), updated Record of Rights, Property tax dues and litigation details of properties both in Revenue and Civil Courts on one single web portal. The implementation involves information of aforementioned parameters by multiple departments. The integration information should be accessible to investors/Government in public domain.

- I. The details of recommendation of Action Point No. 11 under BRAP, GOI -
  - Integrate the below-mentioned records on one website
  - Data of land transaction deeds for last 10 years at all sub-registrar offices (Name of buyer, Name of seller, Registration number, Registration date, Survey no.),

- > Updated Record of Rights at all Revenue department offices (Date of mutation), and
- Data of Property Tax payment dues at all urban areas of the State/UT (Name of the Property Tax payer, Property Tax dues)
- Revenue Court case data (Court case number, Name of parties involved, Date of filing of court case, Status of case [Ongoing/Resolved])
- Civil Court case data (Court case number, Name of parties involved, Date of filing of court case, Status of case (ongoing and resolved).

The website should be publicly accessible. It will help in establishing property ownership and identify tax encumbrances. The integration should be done for all areas of the State.

- The details of recommendation of Action Point No. 14 under BRAP, GOI -
  - Integrate the mutation process with the registration process and mandate initiation of mutation process (Revenue department and/ or ULB) as soon as a deed is registered. Ensure that:
  - Information to mutation authority to be automatically shared on completion of transaction (registration). This should be considered as initiation of mutation process.
- No separate application from transferee to be required.
- SMS/email should be sent to transferee/ transferor to inform about the initiation of mutation.

As per the guidelines of GoI, the feedback would be taken from the users. The feedback would be in terms of ease in which the information is available, available, available information from various sources, etc.

It is to be noted that while implementing reform Action point No. 11 as per GOI: the systems at all agencies concerned should be integrated in a manner that allows all transactions for a given property are to be reflected. These details are to be obtained by the users in by a simple search mechanism. This would provide the Government as well as potential buyers with a clear indication of land ownership. All the above 5 categories of information (refer point 3A) should be available through a single portal. Further, the evidence should clearly show the details which are available in the system for all 5 records and integration of updated land records with land transaction deed & revenue court and civil court databases along with property tax data.

Considering the complexities involved in available land record databases for urban and rural areas discussed during the meeting ref (3) held on 8.1.2019 under the Chairmanship of Chief Secretary to Govt. of Karnataka, it has been decided to develop "Bhoomi" website of Revenue department for integrated land records as it is has more comprehensive database in terms of property ownership. Previously, integration of all suggested parameters in the reform was under progress on Kaveri portal of Stamps and Registration department.

In order to comply with the reform Action Point No - 11, the survey number for rural areas, City Title Survey (CTS) number for urban areas and registration data with encumbrances property tax details to be linked with Bhoomi database. Additionally, the Civil Court and Revenue Court case databases for prescribed parameters (property disputes) should also be linked with Bhoomi so that in case of any litigation on property including litigations with Revenue department and SSLR on mutations should also be reflected.

In this regard, Urban Development Department, Directorate of Municipal Administration, BBMP, Revenue Department and SSLR, Law Department and Stamps & Registration Department were instructed to share information for given parameters and integrate these databases with Revenue Department (SSLR) to integrate and update land records on Bhoomi portal.

The implementation of Action Point 11 on Bhoomi portal, involves certain challenges w.r.t availability of old property databases, variance in property IDs etc. Therefore, it was decided to constitute a sub-committee headed by Additional Chief Secretary (DPAR), E-Governance, so that suitable safe guards should be in place and data misuse can be avoided.

Hence the following order:

#### GOVERNMENT ORDER No. CI 48 SPI 2019, BENGALURU, DATED 07.03.2019

8	Above 40.0m upto 45m	13.00
9	Above 45.0m upto 50m	14.00
10	Above 50.0m	16.00

#### Note:

- For the height of the building equal to and above 15.00m, NOC from Fire Force & Emergency Services Department is mandatory and also the setbacks prescribed in National Building Code/ Fire Force & Emergency Services Department shall be followed for building of height more than 15.00m.
- Where road width is less than 12m or not fall in the above category, guidelines prescribed for nearest road width should be followed.
- 3. In case the permitted coverage is not achieved with setbacks, the setbacks of the proceeding category may be followed.
- 4. In case, layout is sanctioned with more than the minimum prescribed setbacks, the same shall be followed in the sanction of the building plans.
- 5. The minimum road width relates to maximum permissible FAR only. When the Plot does not face the road of required width noted against in the table, than the FAR applicable to the corresponding width of the road shall apply.
- 6. Where a plot faces a wider road than the one prescribed against it, the FAR shall be restricted only to the limit prescribed for the area of the plot.

#### 1.5: CONSTRUCTIONS PERMITTED WITHIN THE SETBACK AREA

The following constructions shall be permitted within the setback area without affecting the required driveway around the building as prescribed below.

- a) Pump room;
- b) Generator with outdoor acoustic enclosure (Within permissible noise level) and the height of the exhaust pipe should be 3m above the neighbouring building adjacent to the generator or as prescribed by the Competent Authority;
- c) Watchman's cubicle not more than 3.0m2 and fire control room (maximum 4m x 4m) (no setback from the boundary);

- Sump tanks below the ground level; d)
- Sewage Treatment Plant below and above ground level;
- f) Solid waste drying yard/organic waste converter;
- Children's play area; g)
- h) Swimming pool with change rooms and toilets;
- Transformer/Power substation (no setback from the boundary is required if permissible under the rules of Competent Authority) and other services;
- j) Any other ancillary utility services provided for the building;
- k) Open well and bore wells;
- R.C.C ramps for vehicular movement around the building up to a width of 6m may be permitted to be constructed within the setback for the vehicular movement around the building and for entry to the parking areas within the building;
- Architectural features which are not usable for living or storage purposes without hindering the driveway requirements of the building prescribed in these regulations. Such projections shall not be within 5m height from the ground floor level, if such projections are proposed within the driveway area;
- n) Cantilever porches, steps and corridor to ground floor entry; and
- o) Car parking in basement structures.

For non-high-rise Building items a, b, c, d. e, f, g, h and k may be permitted abutting the building with 1.0m setback from the Plot boundary.

In the above constructions permanent structures shall be permitted in the front setback only upto the building line prescribed.

#### 1.6: PARKING NORMS FOR INDUSTRIAL BUILDINGS

#### Zone-1: Industrial (General)

One Car parking of 2.5 m x 5.5 m each shall be provided for every 150 sq.m of floor area plus one lorry space measuring 3.5 m x 7.5 m for every 1000 sq.m or part thereof.

#### Zone-2: Industrial-Flatted Factories (Hi-Tech)

- One Car parking of 2.5 m x 5.5 m each shall be provide for every 50 sq.m of floor area.
- The industries shall compulsorily provide basement/multi-storied parking.
